## EDUCATIONAL TIDBIT – Mona Bonbright - November 2023

### When you have completed your quilt top, is it ready to be quilted?

There have been times that some of the donated quilt tops have issues that must be dealt with before a successful quilting session can occur. This tidbit deals with some of those issues. Before you turn in your quilt top to the quilter, you need to take some time to look over the completed quilt top and make some adjustments to the quilt top to better prepare it to be sandwiched with batting and backing and finally quilted. In this tidbit, we will also talk a bit about sizing requirements for the batting and the backing.

**See the full tidbit** on the Crazy Quilters website.
